PROJECTS

Employee Management System

https://employee-management-system01.netlify.app

Empower Hub is a comprehensive employee management system designed to streamline workforce monitoring, salary management, and employee workflow tracking. This platform enables employees to log their work updates, HR executives to verify and process payments, and administrators to manage the workforce efficiently.

- Authentication - Secure login with JWT and Firebase
- Role Management - Separate dashboards for Admin and Employees
- Payroll System - Salary approval and payment history tracking
- Live Notifications - Real-time alerts for salary approvals, leave approvals, etc.

Restaurant Management

https://yumyum-bites-restaurant.netlify.app

Yum Yum Bites is a responsive food ordering platform that allows users to browse, add, update, and order food items. With a user-friendly interface, robust authentication system, and private routes for personalized experiences, this platform enhances the online food ordering experience.

- Online Ordering - Users can order food directly from the menu
- Table Booking - Customers can book tables in advance
- Admin Panel - Restaurant owners can add new menu items
- Payment Integration - Secure online payment support
